Sweet music dances through the hall

by Carol Moffatt

A quintet in itself isn't an unusual thing, but a quintet of tremendously-talented 15- and 16-year-olds is.

The sweet sounds of Brass Quintessence danced amid the iron girders of the gym at Archie Stouffer Elementary School last Monday. The group, from Oakwood Collegiate in Toronto, performed for an hour and captivated the young audience.

The band members ambled into the gymnasium through the rear door—Toronto Symphony style—playing a somber *Just a Closer Walk with Thee*. It was a chilling start to what went on to be a wonderful display of musical youth. The five young men displayed not only superb technical talent, but demonstrated discipline and ease performing in front of a group.

Four years ago five talented music students wanted to put a band together. Pippin Hitchcock, Quintus Schulzke, Chris Lee and Jamie Chiarelli got together with the help of their teacher Walter Barnes. This year, Isaac Pulford filled the recent opening to create the Brass Quintessence they have become.

Off-stage the five were nondescript teenagers dressed in shorts and tie-dyed t-shirts. They laughed and wrestled and carried on as teenage boys are wont to do. But with dark slacks, white shirts and ties came a totally different image. On-stage they were crisp and professional, watching each other closely for cues and signals, playing with concentration and deliberation. Of discipline, Barnes smiled and said simply "Sometimes it's a thrill."

Barnes introduced each member to the audience via the instrument he played. Each stood to perform a solo while the remaining members backed him up. Solos included Chiarelli's *Amazing Grace* on trumpet (blues and dixieland style), Lee's *Hava Negila* on tuba and Pulford's *Heidl* concerto on trumpet.

Brass Quintessence is going to Finland this August and in anticipation of that trip an arrangement of Finnish national songs has been put together by Barnes.

Barnes drew several comparisons between Finland and Haliburton as he carefully explained the music about to be played.

Barnes is a music teacher at Winona Drive middle school and when his students move on to high school he usually simply looks toward the next year. But this particular group was different. "They're really good. I think they could go all the way,

The members of Brass Quintessence strike a jaunty pose beneath the branches of a tree at Archie Stouffer school where they played to a hushed audience last Monday. The quintet are all highly skilled teenage musicians who are dedicated to becoming better players. The five will tutor and inspire young hopefuls at this summer's Brass Workshop at A.S.E.S.

professional," he said.

Barnes kept them as music students and their current work together is extra-curricular. They play at schools, a wedding or two, barbecues, churches, and at Rotary and Kinsmen banquets. Barnes was quick to point out that the group's largest single donation to date came from the Minden Rotary Club.

The boys themselves don't have any spectacular aspirations with regard to their music. They agreed they would like to remain in the band as it now stands, but none is consciously heading for the Toronto Symphony. First they

have to get out of high school.

Barnes and Archie Stouffer music teacher Glen Carter met on a music exchange 18 years ago. They have been working together on the ASES Brass Quintet Workshop for five years. Although Carter has no formal music training, (compared to Barnes' university degree in Music Education), he played with a Salvation Army band from childhood and has taught himself what he now teaches his students.

As well as teaching, Barnes is the Education Editor for Canadian Brass and writes school music textbooks. He transcribes the symphony pieces Brass

Quintessence plays from an entire symphony down to five instruments, no small task. Barnes and Carter both play in the Highlands Brass Quintet.

The Brass Quintet Workshop is well attended each year. This year it takes place from July 23 to July 27, mornings only. Musicians with at least one year's playing experience are welcome to join, as are cottagers and non-students.

Brass Quintessence will be there to demonstrate and talk to the students. Band members said in past years the difference in playing ability between day one and day five is remarkable.

Rally posters are believed to be a ruse

Posters announcing another Canada Day racist rally in Minden are believed to be a ruse to draw attention away from a rally being staged in Rockland, Ontario.

On Saturday morning, dozens of posters were found pinned up in public places throughout the village. Wherever the posters were placed, a handful of business-card-sized flyers

from the Nationalist Party of Canada were tossed on the ground.

OPP Sergeant Steve Adam said he doubts there will be another rally in Minden this coming weekend. He said it is likely the posters and flyers are designed to draw some of the heat away from Rockland.

Adam said police are aware of a rally being organized for the Canada Day

weekend in Rockland, a town east of Ottawa. Except for the posters, he said there is no indication that anything will be happening in Minden.

After learning of the posters, Adam was in contact with John Beattie, the Minden area resident who orchestrated last summer's rally. Adam said he has been assured by Beattie that nothing is being planned.

Following last summer's rally in Minden, Beattie was evicted from his rented home on Bobcaygeon Road. He is now living further up the road on property rented from John Drew.

Adam said he has also been in contact with Drew, who assured him he would not allow Beattie to stage a rally. Drew lives in a separate building on the same property as Beattie.

The posters themselves

lend credence to Adam's belief that this is just a diversion. The posters advertise a "2nd Annual Canada Day Celebration in beautiful Cottage country". No date or location is specified, although readers are told to contact their "local white nationalist organization" for further information.

Adam said the people involved in the Rockland rally want to avoid the bad

press they garnered from last summer's Minden rally. He suspects they are trying to draw some of the press people to Minden in order to cut down on the attention to activities in Rockland.

As far as the posters are concerned, Adam says no laws were broken and, therefore, no further police action is required. He said officers were out Saturday morning removing most of the posters.

The old gazebo from Minden's Village Green has found a new home across the river at the end of Orde Street. Town crews lifted the structure last Monday and moved it to the new site, where it will soon undergo a facelift. The gazebo has been used in the past for many functions and can continue to be used as a centre for many more in the future.

New OHIP cards are now arriving

by Doreen Hawman

A few weeks back we were asked by the Ministry of Health to complete an application to receive a personalized OHIP card. The number, which will be printed on your new health card, replaces your old OHIP number and will be the same for your lifetime. If you have not completed an application it is very

important that you do so, as very soon you will be asked for your new number when visiting the doctor or going to the hospital.

For residents of Ontario who are 65 years of age or over, a new Health Card for seniors will replace both the Ontario Seniors Privilege card and the OHIP card they now have.

If you have received your new card and have found

an error in the information, make the changes on the attached form and return the form immediately in the self addressed stamped envelope provided.

If you require an application or need assistance completing the form, contact your nearest Information Centre.

In Haliburton, the centre located in the Drag River Municipal Building, is open

Monday to Friday 10 a.m. to 4 p.m. or call 457-2733.

Residents of Minden and surrounding areas may contact the centre located in the Anson, Hindon and Minden Municipal Building, which is open Monday and Tuesday 10 a.m. to 4 p.m. or call 286-4100.

To become a volunteer, contact your nearest centre for information.

Earl and Kathy Cooper entertain for seniors

Wednesday, June 13, Earl Cooper, his wife Eleanor and Kathy Owens were here to entertain us. Earl played the violin and mandolin and Kathy played the piano. Later Kathy played the accordion and they sang for us, then Eleanor visited with the residents.

Now we have bedtime snack in the dining room

and we invited the three of them to have a snack with us. Thank you Earl, Eleanor and Kathy, very much.

Thursday was tea party time. St. Paul's Anglican church group served us with a sumptuous tea and Nancy Gayton played the piano during the tea and singsong following. The ladies who provided the

lunch were Muriel Welch, Illa Cooper, Lyndsie Lewis, Dorothy Milne, Phyllis Campbell, Joday Joanie, Joyce Hewitt, Nancy Gayton and two children, Rebecca and Zachary. Thank you all — we surely appreciate your kindness.

Friday was Happy Hour with the Scottish dancers for entertainment. Every-

one appreciates their dancing and in such hot weather. Jock Mavor sang old Scottish songs between dances to give the dancers a rest. Doris accompanied him on the piano. The dancers were Jock and Betty Mavor, Mary Packard, Jean Henderson, Dorothy Robertson, Mimi and Ted Carson, Glynne and Lindsay Lewis,

Harold and Margaret Ross. They were enjoyed by all and the residents sincerely thank you.

Thanks also to the volunteers who conducted the Happy Hour: Ellen and Don Holden, Mary Guillemine, Jankie Thomas and Dorothy Milne and Doris and Linda. Residents Mary Smith and Jean Taylor arranged the

tables and chairs. Thanks for all your help. Just before Happy Hour was over, Ray Jenkins and his wife dropped in to visit and he played a few pieces on the piano. We are always happy to see them.

After Happy Hour, Ray came to the main lounge and played more for us.

 Most of the time we stuck together
 Clinging to necessary familiarity.
 Sometimes we braved the risk of exposing ourselves
 Our lives, our language
 To human contact with another ...
 That was so long ago, and perhaps not so long ago.
 And still today you come
 From Lebanon, El Salvador
 India, China
 Malta, Italy, Jamaica
 The Philippines, Uganda.
 Men, women, children.
 Mothers, father, orphans
 Alone, with friends.
 You lost friends when you came
 You left behind your Tia, your Auntie.
 It is no easier today for you that it was then for us.
 You work hard
 You sacrifice
 You save
 You lose
 You pray
 You curse
 You are rejected somewhere
 You are welcomed somewhere else.
 Your tongues stumble over the rock of our languages
 And you stick together,
 Clinging to necessary familiarity.
 Sometimes you, too, risk your lives, exposing
 Your hearts to ours
 And you remind us of our own painfilled, hopeful new birth
 So long ago.
 This country is made of people like my father and mother
 And your father and mother.
 Let us then share our families, our stories,
 And our future.
 Afterall,
 Once upon a time
 We were all immigrants.

Hustlers edged 5-4 by tough Bobcaygeon team

Despite two solo home runs, the Rockcliffe Hustlers were edged 5-4 in a game played last Monday in Bobcaygeon.

The single round-trips came off the bats of Greg Newell in the third inning and Jaime Dollo in the final frame of the game.

Brian Shaw opened the scoring for the Hustlers with a single in the first

inning. He moved to second on a ground ball from Greg Newell and scored on a single by Barry Shaw.

Barry extended the team's scoring with a triple in the sixth. He stole home on a pass ball.

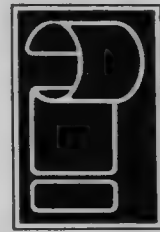

Brian Shaw managed a single in the seventh inning and advanced to second base before the Bobcay-

geon team shut down the game leaving the tying run stranded.

Brian Shaw was on the mound for Minden.

Last week's Thursday night game was cancelled.

The Hustlers are back on home turf this Thursday evening when they meet Bobcaygeon in a return match. The game starts at 8:30 p.m. at the new ball diamond. Haliburton plays Fenelon Falls Wednesday evening.

Jim Flynn seeks provincial Liberal nomination

Former Lindsay Mayor Jim Flynn has announced he will seek the provincial Liberal nomination for this fall's election in Victoria-Haliburton.

Current Liberal MPP John Eakins last week announced his impending retirement when his term comes to an end this fall.

Flynn served as Mayor of Lindsay for ten years from 1978 to 1988, the longest continuous serving mayor in that town's history. He served as a Lindsay Town Councillor from 1971 to 1978, and brings with him to the election a long record of public service which includes serving on two different Ross Memorial Hospital committees, work with both Lindsay Hydro and Water, and the Lindsay, Peterborough, Durham Recycling Committee.

Flynn is also a member of the Kinsmen, the Moose Lodge, an honorary member of Branch 67 of the Royal Canadian Legion, and a member of St. Mary's Church in Lindsay.

Flynn says he would follow Eakins 'open door' approach to government. "John has done a remar-

kable job serving people of Victoria-Haliburton and for being so accessible," Flynn said. "I share his commitment toward the people in this riding and I will work very hard for the chance to be their representative at Queen's Park," he said.

In looking forward to the campaign to win the Liberal nomination, Flynn said there are a number of

vital challenges which need to be addressed. "I am particularly concerned about our environment, our educational opportunities for youngsters and health care, particularly the care of our elderly in both counties," he said.

Flynn said he will be approaching Liberals from across the riding to ask for their support and to hear their concerns. "I think the

people of Victoria-Haliburton are used to strong leadership and representation at Queen's Park," Flynn said. "I intend to follow in that

tradition and continue to make the needs of people in our area known," he said.

Flynn said he wants to

make sure that the voices of the people in Victoria-Haliburton are heard in Toronto to receive their fair share of assistance.

Former Lindsay Mayor Jim Flynn hopes to represent this area's Liberals in the next provincial election.

Seniors enjoy sing-a-long with Ray

(from page 40)

We enjoyed his playing so much we couldn't help singing. Thank you Ray and we will be looking forward to you coming again in a month.

During the spring Donna Luke helped wherever needed at Hyland Crest. She was very helpful. She attended Haliburton Highlands Secondary School to study to become a nurse. Her work here was part of her course. June 12, the Co-op Education Banquet was held at Haliburton Royal Canadian Legion. Donna had helped Lucy Burgess, who is 98 years old, to walk with a walker, after an illness. Donna invited Lucy to be her guest at the banquet and to demonstrate what Donna had done while here, as part of her work at Hyland Crest. Pictures were taken of Lucy walking with the walker and Noelle LaRue was to present video pictures, but the video broke and she was unable to do so. Award and Achievement Certificates were presented. Dale English received an award for perfect attendance to work at Extendicare. Donna took Lucy to the banquet and Lucy enjoyed it all and thanks Donna for enabling her to be there.

Terry took me to his home Saturday. Then he, Norma and I went to the Guilford Cemetery since

Sunday was Decoration Day. I took them to Rip's Sleepy Hollow for lunch on Father's Day.

Sunday night's chapel service was conducted by Rev. John Burgess and Alice Jones played the organ. Rev. Burgess certainly explains the bible verses so they can be understood. We thank him and Alice heartily.

Everyone at Hyland Crest is sorry to hear Charlotte Fry is very ill in Ross Memorial Hospital.

Beatrice Hamilton broke her wrist and is at present in Minden hospital. Ada Lewis is not very well but May Horsley has improved some. Mrs.

Nancy Carefoot is also in Minden hospital.

Ruby Lewis had May and Doris to see her

Monday. Pearl Lyle had Anna and friend in one evening last week and Jean on Saturday morning.

Monday evening Ena and York Marion showed movies. They were "Grandma's Bottle Village" and "Blake James". They were both different from what we have been seeing and we thank them very much.

Tuesday chapel service was taken by Rev. Ed Moll of Minden United Church. He plays his guitar for the singing and we do appreciate his service.

Tuesday night Dianna Morris read to us from 6 until 7 p.m. We are reading the book "Star" by Danielle Steele.

Wednesday five cars took some of the residents to Union Creek Fish and Chips for lunch. We all had a lovely lunch and the drivers decided to come home a different way. I would like, on behalf of the residents, to thank the drivers from the bottom of our hearts. They were Fred Parker, Mary Guillemin,

Dale English, Linda Fry and Doris Robertson. Dale drove Stella Stinson, Lillian Harrison and me

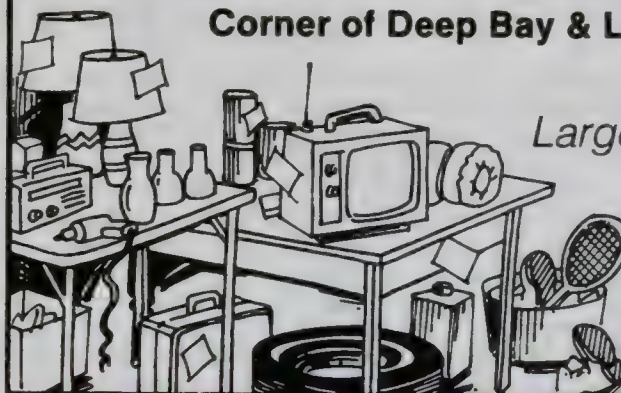

and he took us to Gelert, Haliburton, West Guilford (to see Linda's cottage on Maple Lake) and home.

The other drivers all went different ways. I am sure they enjoyed the outing as much as we did.

Pete's Place is much like a youth centre

Editor

It is with great disappointment that we have to reply to the article containing back-stabbing comments from our fellow BIA members regarding Pete's Place.

As far as one certain business in town only having the good kids in his place, it is not the kids we have to worry about most of the time. Every child (kids to those who have no time for them) who enters Pete's Place knows they have to behave or they're out.

Pete's Place is one of the only places these children have to go when they

have no money, no friends and especially no adult supervision.

During the two years we have been in operation, the OPP have only had cause to come to this part of town, after we called them and before anything got out of hand. Unfortunately for the businesses who want the elite persons in our town, you are the ones causing the trouble. The children need our understanding and care, not harassment and abuse—ie. punks, as described by one businessman in town.

This is a case of shoot first and ask questions later. If these people would

lower their noses and have a hands-on experience with their children as we do, they would find that given the chance they are all good kids.

Unfortunately, some of the children smoke or drink under age. At Pete's Place we do not sell cigarettes and obviously no liquor. There are only certain places in town that these children can buy these things equally, so before condemning others, get your own store in order.

We would appreciate some support from parents who know we run a tight ship. To those who think they can run us

out of town, be ready for a fight. We look after our own and we are here to stay.

Hurray for those know-alls who are going to start up a youth club with arcade machines, pool tables and so on. I wonder if we called ourselves the Minden Youth Centre would we have all this garbage to deal with—ie. another word for arcade.

Our thanks to the Minden OPP who always reply to our calls promptly.

Development destroys countryside

Editor:

Re: The Destruction of Highway 118
Watch the destruction. Old curving highways "straightened" to bulldoze over 150 year old trees. Eden countryside turned into asphalt so more Eden countryside can be levelled into developers' lots, so more condos can be

sold, so there are more customers for shopping malls. Watch the juggernaut roll over us. Watch the wildlife of wetlands and the whispering trees, our country, go under its wheels. Watch the developers profit grow, the city blight come north, the contamination of new sewage, hydro swaths, gasoline

stations and junk food stands, the old homes and farmland turned into neon signs and cement. Do you still hear the birds? Can you still see God's horizon? Is life still there?

Support from local banks helps raise money for children's centre

Editor:

On behalf of the Chairman and Trustees of Five Counties Children's Centre Foundation and the kids on the waiting list at the Centre, may I take this opportunity to express sincere appreciation and gratitude to all those employees in all the financial institutions in the Five Counties who took the time to

bake and sell T-shirts during their 2nd Annual Bake Sale.

The \$17,000 plus is simply amazing and everyone involved should be extremely proud of their efforts! We at the Foundation certainly are proud to be associated with such a caring, giving group. A special thanks to Pat Watters and his "KOOKIE KOMMITTEE" for

putting it all together. The results are indicative of everyone's effort.

And, of course, a big thank you to everyone who bought the Cookies and T-Shirts!

Bowron Homestead opens this week

Editor:

The story (This Week, June 6) about Robert R. Bonis was excellent and of particular interest at this time because an 1889 box stove which he used for

many years has been donated to the Minden County Town Museum by Mrs. Phyllis Gibbs Howarth.

This stove came from the Bonis farm near St. Mary's and is now being displayed in the Bowron Homestead which

will be officially opened on Saturday, June 30.

UFOs suspected in Harcourt

Editor:

Did anyone spot a UFO in the Harcourt area about 10:30 p.m. on June 6?

My wife Irene, who has neither lied to me nor touched alcohol in the 44 years I've known her, reports as follows:

"I was lying on the chesterfield in the darkened living room when I noticed a patch of white light on the ceiling to my left. As I watched, the light slowly elongated to form a bar six inches wide and ten feet long with a rounded end like a finger. This bar of light then moved slowly sideways till it was directly above me when it suddenly went out. Two seconds later I felt a gentle pressure on my bare right foot which was crossed over the other foot. It was as though an unseen hand had touched the top of my foot just beyond the toes and moved to just above the ankle, causing a slight tingling that lasted only a second. I was so frightened I screamed and pulled my

feet away from whatever it was. Then I put the lights on and examined my right foot to see if it had turned black, or something. Luckily, it hadn't."

Irene's old man (that's me, folks) was zonked in the bedroom and, of the two house cats, one was out and the other zonked in the den. The heavier cat often jumps on Irene's foot, but it was because she instantly recognized this "light" touch as not being the cat that she was so startled.

As for the light, it was not from a car on Highway 648 which runs past our house only 60 feet away. Irene is familiar with the fast-moving, constantly changing light patterns that flash across ceiling and wall when a car passes with an audible swish. This light was well-defined, slow-moving, rigidly controlled and utterly silent. It appeared on the ceiling above a rear window, at right angles to the window wall and parallel with the

wall against which my wife was lying. After elongating, it moved sideways four feet, hovered over her, and disappeared. While moving, it stayed parallel to the righthand wall and did not skew at an angle as the beam of a flashlight manipulated outside the house would have done.

When I got up just before 11 p.m. to watch the TV news, I found Irene pale and shaken. She refused to put the light out and slept with it on. The strange light left no evidence, either on her or on the ceiling. But it certainly made an impression on her mind.

Anyone interested in supernormal phenomena may call our number: ((705) 448-3213 or write us at Box 113, Harcourt, K0L 1X0. Meanwhile, did anyone get the UFO's number?

Pete Stickland,
Harcourt.

We are so very grateful to you and all of the Peterborough media for your interest in our concern for children. It is a wonderful feeling to be so supported and encouraged.

We really appreciate you and your team. You are doing a great job at *The Times*. We wish you continued success and pleasure in your work.

Thoughtful drivers help save kildeer family

Editor:

Last Friday I was driving north on Highway 35 towards Beech River, a mother Kildeer and her babies were crossing the highway.

I slowed down, but just then a truck came around the curve heading south. The mother bird ran across in front of me, but the babies went tumbling down the highway.

I drove past and then turned around. When I got there, all four of the babies got up and went running across the highway to their waiting mother.

Just then, the truck came back and three young men got out all concerned, "Are they okay?" they asked. The driver said he came around the curve and saw the birds. It was impossible to stop, so he straddled them, and only the wind from his truck caused them to roll down the road.

We said "So long", and as I drove home I felt proud, and fortunate to have been part of this event.

Thanks a lot guys. You're the greatest!

Alternative is needed for Snowdon automobile holding yard

Note: The following letter is addressed to Snowdon Reeve George Simmons.

Dear Sir:

Having attended your council meeting of June 11, and listened to representations made by Mr. and Mrs. Lymer, Mr. and Mrs. Martin, and via letter from Mr. and Mrs. Ken Brown, I feel that I should pen my personal opinion as it applies to the Lyddiatt's holding yard on South Lake. I need not go into detail as to how this problem arose, other than to say that the present-day council inherited this problem from your former administration, which gave Mr. Lyddiatt authority to establish a holding yard (verbally) on a small scale, with no by-law amendment, controls, or rezoning of the subject property.

This yard and its environs has for some time now, swollen in size and out of control, posed a distinct environmental hazard and will continue to be until this yard is completely cleaned up and/or closed down. This yard should never have been approved, even on a limited scale, on the shore of South Lake and so close to rental accommodation (cabins or cottages) and adjacent camping site.

Your administration has, for some long months now, attempted to have Mr. Lyddiatt clean up this area on a month-extension basis, so long as some effort or progress is being made. In my opinion, not sufficient effort or progress has been made to warrant any further extension.

You stated at your last meeting that your present by-law has teeth in it (false

teeth?). Also that you can impose penalties if the compound is not cleaned up by a certain date (what date?). You further stated that you are reluctant to impose any penalty as long as some effort and/or progress is being made (for how long?).

I am aware of your problem and, as you are caught betwixt and between, it will take the patience of Job and the wisdom of Solomon to bring about a satisfactory conclusion. However, very few men have both of those qualities.

This problem, in my opinion, was caused by the township's neglect in not controlling the holding yard in writing, legally, and by by-law control, from the outset.

I would like to mention here that I bear no animosity toward any member of the Lyddiatt family as they have been most helpful and obliging during the past four years I have been on South Lake. I cannot find better neighbours.

In closing, I would suggest that the township locate and purchase a suitable property for Mr. Lyddiatt's holding yard in an area which would be environmentally safe, such location to be suitable for Mr. Lyddiatt, and that the township of Snowdon be responsible for the writing of or amending by-laws and rezoning, if required.

The above solution would be cheaper than fighting this matter in Court, and possibly being sued.

Yours truly,

W.J. Kelly,
South Lake.

A TRIBUTE TO HHSS MUSIC TEACHER MR. JACK GORDON

He's leaving us — To anyone who attends HHSS the name Jack Gordon means honesty, caring, and most of all fun.

Mr. Gordon joined the staff only last year, but he made a sudden and lasting impact that few teachers could ever dream of making.

Jack was not only our teacher in music but he taught us many things that we'll always remember. They weren't music lessons, but lessons about life and the right way to live it to the fullest.

After one all too short year, Mr. Gordon is leaving us and moving to London with his wife to pursue a more personally oriented musical career.

Everyone at HHSS wishes them the best of luck and whatever classes he teaches in the years to come are more privileged than they'll ever know.

To have a teacher like Jack is truly a gift. There is something about him that makes him different from all the rest.

Maybe it's his sense of humor that shows everyday, or maybe it's his encouraging smiles that are always ready to shine.

Whatever it is, we'll miss him terribly, but we're glad he was here, if only for a short while.

Thanks Jack, for all you've given us. We'll never forget you.

It's been six long months since my John died.
At times it seems just yesterday
since he said, "I'll meet you at home."
But you didn't come back
and the hospital called
and the doctor was kind
but they couldn't do anything more...

The friends and relations have all gone home.
There wasn't much after insurance paid
the bills. The pension's all that's left.
Have to move from the house
where my mother was born
have to find a new place
have to put up our memories for sale.

But I'll go on
and I won't give in
Got the rest of my life
to put living in.
And I'll go on.
And I'll get up in the morning
put the coffee on
one for me and one for John.

O God Almighty, give me courage
to face the knowledge that at any day
at any time,
no matter how long it's been since he died,
there'll be that wave of leaves

on the windy hills;
a song or a smell to make time stand still.
I'll turn around to say
something to your face
and you're not there
and yet you are

So I'll go on
and I won't give in
got the rest of my life
to put living in.
And I'll go on.
Get up in the morning
put the coffee on
one for me and one for John.

The value of the 'Jaws of Life' pneumatic rescue system was made dramatically evident Thursday afternoon following a single car accident on Kennisis Lake Road, north of West Guilford. A 1983 Oldsmobile, driven by 16 year old Colleen Dennis of West Guilford was southbound on the road when the driver lost control of the vehicle on a curve. The car left the roadway, entered a steep ditch and came to rest on its roof. The driver was able to escape from the over-turned vehicle, however, a passenger, 17 year old Suzanne Cooper, was trapped inside. When the Haliburton Fire Department arrived on the scene, the Jaws of Life were used to raise the vehicle to allow the rescuers access. The tool was also used to cut the vehicle and pry away other portions. The trapped passenger was taken to Haliburton Hospital suffering from a bruised spleen. Police credit the relatively minor injuries sustained by the two people in the car with the fact that they were both wearing seat belts at the time of the incident. At the moment, there is one set of Jaws of Life in the county, based with the Haliburton Fire Department. The Stanhope Firemen's Association is in the midst of a fund-raising drive to purchase another set for their brigade. The target for the effort is \$18,000.

Federal departments are exploring new, cleaner fuels for our use

No one needs to be told of the need for alternative transportation fuels.

We know enough to understand that many of the dirty, inefficient fossil fuels currently used harm our environment and are, in any event, becoming scarce or hazardous to locate.

The Department of Energy, Mines and Resources (EMR) knows this, and is busy at work exploring ways to make better use of alternative fuel sources now available.

One of these alternatives is methanol.

Because methanol is made from natural gas, and because Canada has a huge supply of natural gas, methanol is potentially plentiful. It can also be made from other raw materials

like biomass, municipal waste or coal.

But most importantly, methanol is an environmentally friendly fuel and engines using it benefit both from high performance and low emissions.

Recognizing this, and understanding that stringent emission standards already in place for gasoline engines are just down the road for diesel engines, manufacturers are expending significant energy trying to fit methanol into their plans.

At EMR, research into methanol and alternative fuels is managed by the Efficiency and Alternative Energy Branch. Current research projects involve such fuels as methanol, natural gas, propane, ethanol, hydrogen, electricity and

synthetic fuels.

In 1985, EMR began a test program to evaluate 100 per cent methanol use in heavy duty diesel trucks and buses. Demonstration vehicles can currently be found in Winnipeg, Medicine Hat and Vancouver.

Another related project is the International Methanol Challenge. This contest is one of technology, not of speed. In it, 13 teams of university students modify identical gasoline engines to run on a mixture of 85 per cent methanol and 15 per cent gasoline; a subsequent 200-mile rally serves as a test for technical merit, fuel economy and emission levels.

It is this kind of research that is most potent, and is the kind EMR tries to stress.

IN MEMORIAM

GARTSHORE - In loving memory of a dear husband, father and grandfather, Loran, who passed away June 24, 1983.

Just a thought of sweet remembrance,
Just a memory sad and true.
Just the love and sweet devotion,
Of those who think of you.

Always remembered and sadly missed by Mildred, Vern & Marlin, Craig, Marg & Jason, Gary, Pat, Chris, Gary Jr. & Sean.

PROCENKO: In loving memory of our dear son and brother, Michael, lost to us June 23, 1978.

Sad was the parting, no one can tell,
So sudden on earth the sorrow fell,
The blow was hard, the knock severe,
To part with one we loved so dear
Dearest still as fears depart,
His memory lives within our hearts.

Always remembered by Mom, Dad and Lisa.

PROCENKO: In loving memory of a dear friend and neighbour Michael, taken away June 23, 1978.

Time takes away the edge of grief,
But memory turns back every leaf.

The Beers Family.
